21 MAY 09

Safety is a Mind Set

Parker CAP ORM #1

Safety

- What is safety?
 - How do you define safety?
 - What is SAFE?...

- Safety can be defined as managing risk
 - Risk management involves...

- Identifying and analyzing hazards

21 MAY 09

Safety is a Mind Set

Parker CAP ORM #4

- Assess (measure) and manage risk

21 MAY 09

Safety is a Mind Set

Parker CAP ORM #5

- Evaluate hazard controls

21 MAY 09

Safety is a Mind Set

Parker CAP ORM #6

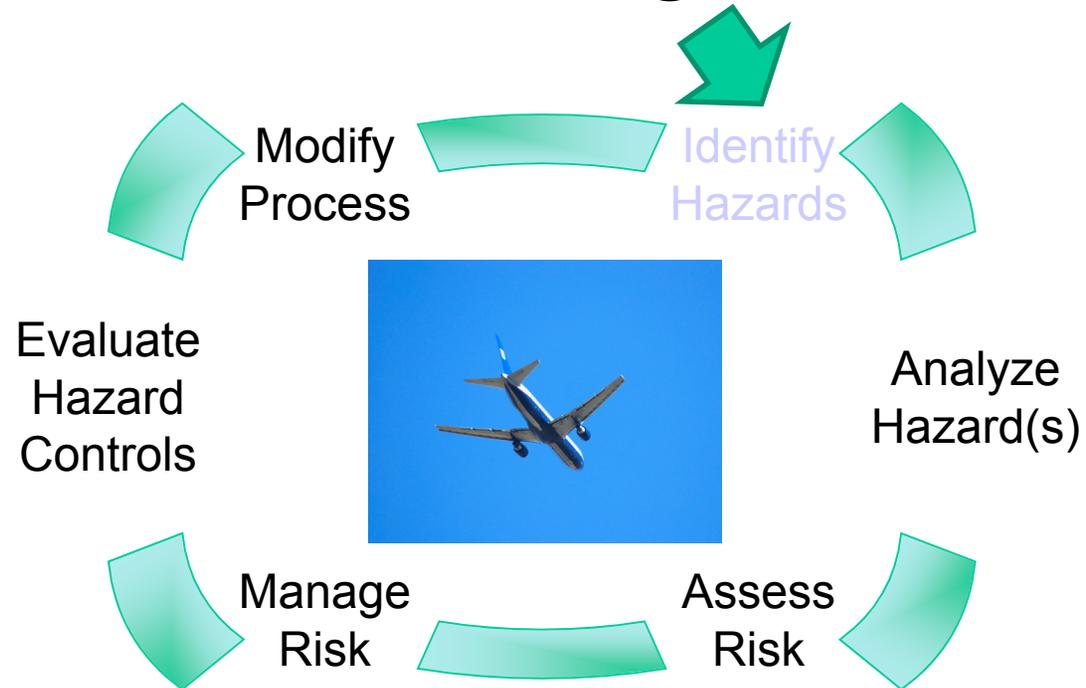

- If something is UNSAFE – modify the process!

Risk Management

- United States Air Force (USAF) and Civil Air Patrol (CAP) refer to the preceding process as Operational Risk Management (ORM)
- The USAF/CAP love abbreviations!

- It is **everyone's** responsibility to promote a safe environment
- However, it is the **commander's** ultimate responsibility that cannot be relinquished

- This is an active squadron...

- Whether indoors - building rockets

- Or outdoors – conquering mountains...

21 MAY 09

Safety is a Mind Set

Parker CAP ORM #12

- Safety begins with each of you...

21 MAY 09

Safety is a Mind Set

Parker CAP ORM #13

What's the plan?

- All of us – cadets, seniors, parents, etc.,
- will continue to promote an active –
SAFE – squadron! Is that clear?
- Continuing safety education as part of
weekly meetings and annual refresher
- Safety briefings – either face-to-face –
or via a link off of squadron website

Safety concern?

- **If imminent danger exists** – remove yourself from the situation – and report to ANY Senior Member
- Otherwise - follow your chain of command. Safety concern will be addressed by either Squadron Safety Officer or Assistant Safety Officer

Squadron Safety Officers

- SM Rick Shaw, Safety Officer
- SM Ray Phillips, Assistant Safety Officer

The screenshot shows a web browser window with the URL <http://www.raptorsquadron.com/index.html>. The page features a blue header with the Civil Air Patrol logo and the text "THE UNITED STATES AIR FORCE AUXILIARY CIVIL AIR PATROL". Below the header is a large blue banner that reads "Welcome to the Parker Cadet Raptor Squadron!". To the left of the banner is a photograph of a group of cadets in uniform standing in front of a stone monument. To the right of the banner is a quote by Douglas MacArthur: "A true leader has the confidence to stand alone, the courage to make tough decisions, and the compassion to listen to the needs of others. He does not set out to be a leader, but becomes one by the equality of his actions and the integrity of his intent." Below the quote is a paragraph of text: "If your son or daughter lives in the Parker area, they're 12 to 18 years old and would like to expand their horizons then the sky's the limit with the Civil Air Patrol! If you think your child or grandchild is interested in flying a plane, launching a rocket, searching for lost aircraft and missing people, assisting their community and developing leadership skills while staying physically fit then you and the young people in your life should consider attending a meeting with the Parker Cadet Raptor Squadron." Below this text is a paragraph: "Cadet and Senior Members of the Parker squadron regularly participate in **powered and glider aircraft orientation flights, model rocketry, communication training, emergency services and disaster relief training including CPR, First Aid, navigation and survival, physical fitness, leadership classes, field trips to museums and aerospace activities, search and rescue training and actively volunteer to participate and assist at community events.** Opportunities exist for national and international travel, flight training and aerospace career exploration. Truly, the sky's the limit!" Below this paragraph is another paragraph: "If you'd like to learn more about the Civil Air Patrol please visit the Parker squadron during their meeting nights from 6:45-9pm every Thursday at St. Matthews Episcopal Church, contact the squadron's commander, Capt Karren Clonts at 303 646-6414 or call Major Mike Daniels, CAP COWG Group 1 Public Affairs Officer at 303 838-3884." At the bottom of the page, there is a Google search bar and a contact information box: "St Matthews Church - 19580 E. Pilgrims Place • Parker, CO 80134 phone: 303-646-6414". The browser window also shows a sidebar with various links and a list of adult officers.

COWG Announcements

Command Shift Reaches National Level - Posted on Monday, December 01, 2008
The Rocky Mountain Region Commander, Col Russel E. Chazell, is now serving as the National Chief of Staff. Colorado Wing Commander Col Greg Cortum was selected as the new Region Commander. Colorado Wing Vice Commander Lt Col George Mxon was asked to serve as his Region Vice Commander and was promoted to Col.

The current Colorado Wing Commander is Col Ed Phelka who selected the ex-Rocky Mountain Region Vice Commander, Col Phil Biersdorfer, to serve as his Colorado Wing Vice Commander.

How to E-Mail attachments to Wing HQ - Posted on Sunday, November 30, 2008
[read more ...](#)

Welcome To The Colorado Wing, Civil Air Patrol!

The Civil Air Patrol is a great way to serve America. Our three primary missions are Aerospace Education, Cadet Programs and Emergency Services. CAP is an all-volunteer organization, made up of everyday people with a wide variety of skills.

Federal, state and local authorities rely on the CAP's volunteer pilots and ground personnel to provide search and rescue assistance, disaster relief, homeland security, counter-drug operations support and cadet leadership training. The Colorado Wing of the CAP offers a wide variety of opportunities for citizens from all walks of life to serve Colorado, and America. With nearly 60,000 members nationwide, the CAP is one of the largest volunteer organizations in the country.

The Civil Air Patrol is an auxiliary of the United States Air Force, performing "Missions For America". In Colorado, the CAP is headquartered at Peterson Air Force Base in Colorado Springs. We operate 35 squadrons throughout the state.

The COWG squadrons stand ready to assist those in need. Missions range from search-and-rescue of lost hikers or hunters,

CAP REGULATION 62-1

http://members.gocivilairpatrol.com/media/cms/R062_001_85D0CB3FE48A5.pdf

The screenshot shows a PDF document titled "CAP REGULATION 62-1" from the National Headquarters Civil Air Patrol. The document is dated 4 June 2008 and focuses on safety. It includes a summary of changes and a table of contents. The document is displayed in a web browser window.

NATIONAL HEADQUARTERS CIVIL AIR PATROL

CAP REGULATION 62-1

4 JUNE 2008

Safety

CIVIL AIR PATROL SAFETY RESPONSIBILITIES AND PROCEDURES

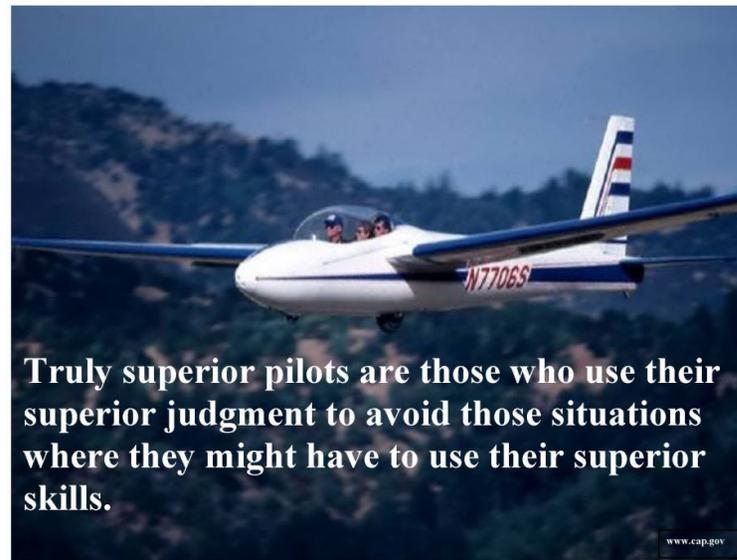

This regulation establishes the requirements for an effective safety program within the Civil Air Patrol (CAP). This regulation guides CAP components in implementing effective safety programs. Note: Shaded areas identify new or revised material.

SUMMARY OF CHANGES.
The Civil Air Patrol on-line Basic Safety Course and test supersedes the AFIADL Course 02170. On-line Safety Survey supersedes paper Safety Survey.
